## LIMITED ACCESS FLUSH MOUNT MANHOLES

These special Limited Access Manholes in 8", 12", and 18" sizes feature a clearly marked "Monitoring Well" designation which distinguishes them from a standard product fill manhole. These manholes feature a heavy duty cast iron cover and ring, a fuel resistant gasket to make them watertight, and a heavy galvanized steel skirt. Two stainless steel flush mounted bolts limit access. Manholes are traffic rated at 8000 lbs per tire and conform to H-20 ratings.

## DENVER STOCKED ROUND MANHOLES

- \$ 69.95 8" x 12" Watertight - bolt down lid ( 10-1/8" outside edge x 8" opening x 11-1/4" deep x 15 lbs. Lid has "Monitoring Well" designation ) 812MAN
