#8871 RANCHER'S PIPE HOLDER is an economical answer to holding galvanized steel pipe that is either being lowered into the well or being lifted from the well. It is easily adjusted to handle 1", 1-1/4", 1-1/2" or 2" steel pipe. The non-shock load limit is rated at 2000 lbs. The catch or clamp has a corrugated and concave face which reduces the possibility of pipe slippage. Pipe holder is mounted on a substantial 2" thick wood bae plank.

\$ 420.00
KWIK

KWIK KLAMP PIPE HOLDER has replaceable serrated jaws of tempered steel - pipe size and tension adjuster is a 7/8" acme threaded rod located inside of the front jaw - will hold 1" thru 2" pipe at any point along the pipe, (not just at a coupling) - will handle both galvanized steel pipe and Sch 80 threaded PVC drop pipe equally well tested at up to 3500 lbs. - single handle operation with a safety pin to prevent accidental unclamping or release - light weight (14 lbs.) compact (19" L x 4-1/2" W) - and easy to use - all steel construction and designed with the professional installer in mind.

\$ 825.00
KWIKKLAMP2

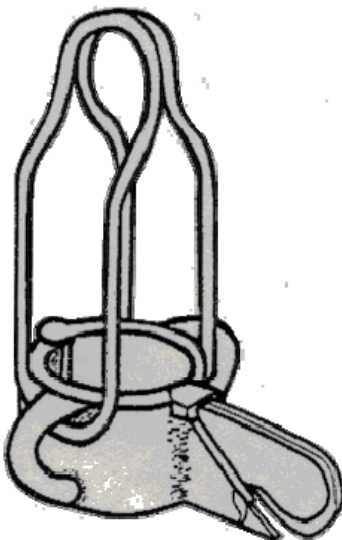

KWIK KLAMP 2 PIPE HOLDER like the Kwik Klamp above, except it has 16 carbide tipped grippers for excellent holding capabilities of 2-1/2" thru 4" pipe, and is tested for 7000 lbs. Weighs 30# and is 20" L x 7-1/2" W. This heavy duty pipe holder can be used on Stainless Steel, Galvanized, PVC, HDPE. Designed with the profession in mind, will securely hold 2-1/2", 3", and 4" pipe anywhere on the pipe, not just at the coupling.

681

#681 RANCHER'S PIPE DOG is an inexpensive pipe lifting and setting tool - the heavy duty serrated eccentric wheel will handle 1" thru 2" pipe without slippage - this pipe clevis is designed for light weight service only - IT IS NOT LOAD RATED OR TESTED / DO NOT OVER MATCH IT.

BAIL TYPE STEEL PIPE ELEVATORS

These bail type steel pipe elevators are designed for the well driller and pump installer. Normally used in pairs, however you can use only one elevator if a pipe holder is also used during installation. All steel fabricated construction allows these heavy duty pipe elevators to handle up to 10,000 lbs.
