ZOELLER'S "FULL-FLOW" LINE OF CHECK VALVES

#300181 \$ 9.40 1-1/4" or 1-1/2" Sump Pump Check Valve

ABS plastic body with reversible rubber clamp-on fittings or can be solvent welded for rigid PVC piping. Avoid using if more than 10 ft of static head above the check valve.

#300015 \$ 18.90 1-1/2" PVC Compression Type Sewage Check Valve

Compression end fittings allow for easy installation with no threading of pipe. Can be used either horizontally or vertically. Rated at 25 psi and suitable for use below the sewage basin lid. All corrosion resistant non-metallic parts. Check valve has full flow non-clog design, which is ideal for sewage applications.

#300020 \$ 27.90 2" PVC Compression Type Sewage Check Valve

#300030 \$ 71.00 3" PVC Compression Type Sewage Check Valve

#300151 \$ 33.75 2" Cast Iron Check Valve w/Rubber Slip Fittings

Cast iron check body, neoprene gasket and flapper that is weighted with stainless steel backing plates and stainless steel riveting. Flexible neoprene slip x slip connections that include stainless steel clamps for low pressure systems. Avoid more than 10' of static head above the check valve. Full 2" flow design that meets BOAC 2" full flow pump code. Can easily be installed on either horizontal or vertical line without threading needed. Slips over ABS, PVC, steel and copper piping.

#300201 \$ 34.70 2" Cast Iron Sewage Check w/Stainless Steel Sleeves Over Neoprene Slip Fittings for Burial Installations

Same as #300151 check with addition of stainless steel sleeves over the rubber slip connections. Meets Illinois plumbing code. Use with #9120082 outdoor burial sewage system.

#300163 \$ 59.50 1-1/4" Cast Iron FPT x FPT High Head Check Valve

Female x Female pipe thread connections. Powder coated epoxy finish on heavy cast iron for good corrosion resistance. Rated at 50 psi (115 feet of head). Can use in vertical or horizontal piping installations. Suitable for use below the sewage basin lid.

#300152 \$ 66.00 2" Cast Iron FPT x FPT High Head Check Valve

#390002 \$ 115.00 2" Brass Quick Disconnect for Sewage Pumps

#390001 \$ 101.00 1-1/2" Brass Quick Disconnect for Sewage Pumps

Brass quick disconnect fitting for use in shallow systems where guide rails are not necessary. Allows you to pull pump from pit without disturbing the piping. Pull rod for disconnect is not included.

NGRD5LF \$ 103.00 1-1/4" Brass Quick Disconnect for Sewage or Potable Water

Like 2" unit above, but is made of Lead Free Brass for use with either sewage or potable water.

#004997 \$ 63.45 Extra 4" Cast Iron Hub for Sewage Basins

This cast iron hub can be installed on any fiberglass or polyethylene curved sewage basin 24" thru 72" in diameter.

#1002230 \$ 9.75 SJE Cable Weight for Float Switch Suspension

1-3/4 lbs adjustable weight for accurate operation of float switches and sensors. Gripper teeth on clip securely lock weight in place.
